

Dear Parents of Students in Grades 1-5:

Sign-up for this year's LEAP (Lunchtime Enrichment Activities) Program has begun! This year we are happy to announce we are going to have an electronic registration system.

How to register: Please see the choices for this year's classes listed below which are organized by grade level. After reviewing them with your child, please send an email to ridgeleap2016@gmail.com with your **top three choices** by this Friday 12/18.

Be sure to specify your child's name, grade/class. If your child's selection is not available, we will let you know and help you select another class.

Do not hit reply to the RIDGE ENEWS e-mail...it is not monitored.

Thanks in advance to all of those parents that have volunteered to help with this year's program! Any questions, please just send an email to Danielle Katsaros and Lana Monte at ridgeleap2016@gmail.com
