**The Ridgewood Friends of Music** is a parent-run organization whose goal is to maintain, support and enhance a public school music program of the highest quality, K - 12, as an integral part of a balanced educational curriculum.

Monies raised by Friends of Music are used to:

- ◆ purchase and repair instruments for our schools
- ◆ award monies to music teachers to supplement their classes
- ◆ offer grants to music teachers for programs to enhance their classes
- ◆ offer grants to music teachers interested in attending music conventions/workshops
- ◆ conduct workshops/master classes for students
- ◆ offer performance opportunities for students
- ◆ provide scholarships to students for further musical studies

These goals are accomplished through teacher listing advertisements on our website, the annual Friends of Music concert, school contributions and donations.

*We are proud to support the exceptional music program and teachers in the Ridgewood Public School system.*
